Feta cheese is loved by Canadians especially of Greek origin. It is a vivacious cheese with a spicy, tangy, salty taste. It is used in many Greek dishes such as Greek spinach pies and cheese pies. It is most popular as the essential ingredient in Greek salads made with sliced tomatoes, cucumbers and Calamata olives, topped with oregano and good olive oil. It's an excellent after-dinner cheese, with fresh crusty bread, olives, nuts and wine.

Ivanhoe Real Mediterranean Style Feta cheese is both Kosher and Halal, which will appeal to a greater audience. This superior product has it all taste, quality, convenient prepackaged size and an ever growing audience appeal.
